

## KENTUCKY TV RACK, 140\*38\*56h

We present Kentucky; modern, arty and designed to set a vibrant mood within your living or commercial space. Inspired by Bauhaus, a late German design school and art movement consisting of geometric lines and mismatched colours. Kentucky has adopted similar characteristics from Bauhaus onto the wooden planks to give out a contemporary statement. Available in black, the metals used have been left un-smoothened, giving off an edgy accent on the welded lines. This combined with the blended wooden streaks and we have ourselves a crafty junction of attractive patinas. Made entirely out of solid FSC reclaimed teakwood.
