

WERZALIT TABLE TOP - PUNTINELLA 120x80CM RECTANGLE

Werzalit table tops are ideal for interior or exterior use. Recommended for commercial environments where they are required to be durable, scratch and abrasion resistant - please view our full range of sizes and colours. Werzalit Original Table Tops are imported directly from Germany by Cintesi. Cintesi is the Exclusive New Zealand Agent for Werzalit Original Table Tops. Please note: Werzalit table tops can absorb heat during exposure to direct sunlight, therefore these have been manufactured with a minor curve. Werzalit table tops will never be completely level. The panels are produced at the factory such that the initial convexity is more pronounced in the middle of the panel than at the edge. The larger sizes ie 120*80 also have a greater curve due to length. An electric drill will be required to attach tops to bases.
